

This week's spotlight is on the Brighton Pharmacy.

The pharmacy is a long time business that has been located in Brighton since 1969. Owners Steve & Judy Peipert have owned it since 2007. It is focused on providing high-quality service and customer satisfaction. They will do everything they can to meet your expectations

The pharmacy employs 3-4 clerks, two relief pharmacists, Pam & Mark and a pharmacy tech, Janet Stanely who has been with the pharmacy for over 35 years.

The pharmacy has recently moved to their new location at 908 North Main Street and offers a drive thru service for prescriptions. They accept most insurance plans including Medicare B, Medicare D, Medicaid, and IL medical cards.

In addition to prescriptions and medical supplies, they have Wood Wick Candles, hand crafted jewelry, Leanin' Tree greeting cards, Rabbit Creek food mix products, candy and snack items. They have gift items for all ages, including baby gift items and offer free gift wrapping for purchases over \$5. They also have mylar and latex helium balloons and can fill large orders with advance notice.

In the late fall, the store turns into a Christmas wonderland with snowmen galore and Christmas decorations of every shape and size. The pharmacy has participated in Brighton's Christmas wreath auction by decorating a wreath that was auctioned off.

The pharmacy is open Monday-Friday from 9-6 and Saturday from 9-1. They are closed Sunday's and major holidays. Stop in and be greeted by their friendly staff who will be happy to help you with all of your medical and gift needs.

Give them a call at 372-3313
